Objection to advertising e-mails

We hereby object to the use of contact data published on the website within the scope of the imprint obligation, the data protection notice and other contact data published on the website for the purpose of sending unsolicited advertising and information material. The operators of the pages expressly reserve the right to take legal action in the event of the unsolicited sending of advertising information, such as spam e-mails.

Who is responsible and how do I contact you?

Responsible for the processing of personal data within the meaning of the EU General Data Protection Regulation (GDPR):

FREY & Co. GmbH

Papyrerstraße 12, 83661 Lenggries-Fleck

Data protection officer:

Stephan Krischke, datenschutz@frey-systeme.de

What is it about?

This privacy policy fulfills the legal requirements for transparency in the processing of personal data. This is any information relating to an identified or identifiable natural person. This includes, for example, information such as your name, age, address, telephone number, date of birth, e-mail address, IP address or user behavior when visiting a website. Information for which we cannot (or only with disproportionate effort) establish a connection to your person, e.g. through anonymization, is not personal data. The processing of personal data (e.g. the collection, retrieval, use, storage or transmission) always requires a legal basis and a defined purpose.

Stored personal data will be deleted as soon as the purpose of the processing has been achieved and there are no legitimate reasons for further storage of the data. We will inform you about the specific storage periods or criteria for storage in the individual processing operations. Irrespective of this, we store your personal data in individual cases for the assertion, exercise or defense of legal claims and in the event of statutory retention obligations.

Who receives my data?

Your personal data will not be transferred to third parties for purposes other than those listed below.

We only pass on your personal data to third parties if:

- you have given us your express consent to do so in accordance with Art. 6 para. 1 lit. a GDPR,
- the disclosure is permitted in accordance with Art. 6 para. 1 lit. f GDPR to protect our legitimate interests and there is no reason to assume that you have an overriding interest worthy of protection in not disclosing your data,

- in the event that there is a legal obligation for disclosure pursuant to Art. 6 para. 1 lit. c GDPR, and
- this is legally permissible and necessary for the processing of contractual relationships with you in accordance with Art. 6 para. 1 lit. b GDPR.

In order to protect your data and, if necessary, to enable us to transfer data to third countries (outside the EU/EEA), we have concluded data processing agreements based on the European Commission's standard contractual clauses. If the standard contractual clauses are not sufficient to establish an adequate level of security, your consent may serve as the legal basis for the transfer to third countries in accordance with Art. 49 para. 1 lit. a) GDPR. This may not apply in the case of data transfer to third countries for which the European Commission has issued an adequacy decision pursuant to Art. 45 GDPR.

As part of the processing operations described in this privacy policy, personal data may be transferred to the USA. The USA does not have an adequate level of data protection (ECJ: Schrems II ruling). In particular, US investigative authorities can oblige US companies to hand over or disclose personal data without the data subjects being able to take effective legal action against this. This means that there is a fundamental possibility that your personal data may be processed by US investigative authorities. We have no influence on these processing activities. In order to protect your data, we have concluded data processing agreements based on the European Commission's standard contractual clauses. If the standard contractual clauses are not sufficient to establish an adequate level of security, your consent may serve as the legal basis for the transfer to third countries in accordance with Art. 49 para. 1 lit. a) GDPR. This may not apply in the case of data transfer to third countries for which the European Commission has issued an adequacy decision pursuant to Art. 45 GDPR.

With the help of cookies, we can, among other things, make our website more user-friendly and effective for you, for example by tracking your use of our website and determining your preferred settings (e.g. country and language settings). If third parties process information via cookies, they collect the information directly via your browser. Cookies do not cause any damage to your end device. They cannot execute programs or contain viruses.

We provide information about the respective services for which we use cookies in the individual processing operations. Detailed information on the cookies used can be found in the cookie settings or in the Consent Manager of this website.

What rights do I have?

Under the conditions of the statutory provisions of the General Data Protection Regulation (GDPR), you have the following rights as a data subject:

- Information in accordance with Art. 15 GDPR about the personal data stored about you in the form of meaningful information on the details of the processing and a copy of your data;
- Correction in accordance with Art. 16 GDPR of incorrect or incomplete data stored by us;
- Deletion in accordance with Art. 17 GDPR of the data stored by us, unless the processing is necessary to exercise the right to freedom of expression and information, to fulfill a legal obligation, for reasons of public interest or to assert, exercise or defend legal claims;

- restriction of processing pursuant to Art. 18 GDPR if the accuracy of the data is contested, the processing is unlawful, we no longer need the data and you oppose the erasure of the data because you need it for the establishment, exercise or defense of legal claims or you have objected to processing pursuant to Art. 21 GDPR.
- Data portability pursuant to Art. 20 GDPR, insofar as you have provided us with personal data on the basis of consent pursuant to Art. 6 para. 1 lit. a GDPR or on the basis of a contract pursuant to Art. 6 para. 1 lit. b GDPR and these have been processed by us using automated procedures. You will receive your data in a structured, commonly used and machine-readable format or we will transmit the data directly to another controller if this is technically feasible.
- Objection pursuant to Art. 21 GDPR to the processing of your personal data, insofar as this is carried out on the basis of Art. 6 para. 1 lit. e, f GDPR and there are reasons for this arising from your particular situation or the objection is directed against direct advertising. The right to object does not exist if overriding, compelling legitimate grounds for the processing can be demonstrated or the processing is carried out for the establishment, exercise or defense of legal claims. If the right to object does not exist for individual processing operations, this is indicated there.
- Revocation pursuant to Art. 7 para. 3 GDPR of your consent with effect for the future.
- Complaint pursuant to Art. 77 GDPR to a supervisory authority if you believe that the processing of your personal data violates the GDPR. As a rule, you can contact the supervisory authority of your usual place of residence, your workplace or our company headquarters.

How is my data processed in detail?

Below we inform you about the individual processing operations, the scope and purpose of the data processing, the legal basis, the obligation to provide your data and the respective storage period. Automated decision-making in individual cases, including profiling, does not take place.

When you access and use our website, we collect the personal data that your browser automatically transmits to our server. The following information is temporarily stored in a so-called log file:

- IP address of the requesting computer
- Date and time of access
- Name and URL of the retrieved file
- Website from which the access is made (referrer URL)

Processing is carried out to safeguard our overriding legitimate interest in displaying our website and ensuring security and stability on the basis of Art. 6 (f) GDPR. The collection of data and storage in log files is absolutely necessary for the operation of the website. There is no right to object to the processing due to the exception under Art. 21 para. 1 GDPR. Insofar as further storage of the log files is required by law, the processing is carried out on the basis of Art. 6 para. 1 lit. c GDPR. There is no legal or contractual obligation to provide the data, but it is not technically possible to access our website without providing the data.

Storage duration

The aforementioned data is stored for the duration of the display of the website and - for technical reasons - for a maximum of 7 days thereafter.

Contact form

Type and scope of processing

Personal data is collected when you contact us (e.g. via contact form or email). Which data is collected in the case of a contact form can be seen from the respective contact form. You can also voluntarily provide additional information that you believe is necessary to process the contact request.

When using the contact form, your personal data will not be passed on to third parties.

Purpose and legal basis

The processing of your data by using our contact form is carried out for the purpose of communication and processing your request on the basis of your consent in accordance with Art. 6 para. 1 lit. a GDPR. Insofar as your request relates to an existing contractual relationship with us, the processing is carried out for the purpose of fulfilling the contract on the basis of Art. 6 para. 1 lit. b GDPR. There is no legal or contractual obligation to provide your data, but it is not possible to process your request without providing the information in the mandatory fields. If you do not wish to provide this data, please contact us by other means.

Storage duration

If you use the contact form on the basis of your consent, we will store the data collected for each inquiry for a period of three years, starting from the time your inquiry is dealt with or until you withdraw your consent.

If you use the contact form as part of a contractual relationship, we store the data collected for each inquiry for a period of three years from the end of the contractual relationship.

Contact form for applicants

Type and scope of processing

We collect and process the personal data of applicants. Corresponding data processing may also be carried out electronically, for example when applicants send us application documents by e-mail or via a web form on our website. On our website, we offer you the opportunity to send us applications for advertised vacancies by e-mail.

Your data will also only be stored in an applicant database beyond the current application process if you have given us your separate consent to do so.

Purpose and legal basis

The processing of your data in connection with your application is carried out for the purpose of processing your application and deciding on the establishment of an employment relationship on the basis of Section 26 BDSG. If your application documents are forwarded to third parties, in particular to companies affiliated

with us, and if your data is stored beyond the current application process, your data will be processed on the basis of Art. 6 para. 1 sentence 1 lit. a GDPR. There is no legal or contractual obligation to provide your data, but it is not possible to process your application without providing the information.

Storage duration

Applicant data will be deleted after 6 months in the event of rejection. In the event that you have consented to further storage of your personal data, we will transfer your data to our applicant pool. There the data will be deleted after 24 months.

Presence on social media platforms

We maintain so-called fan pages or accounts or channels on the networks listed below in order to provide you with information and offers within social networks and to offer you further ways to contact us and find out about our offers. In the following, we will inform you which data we or the respective social network process in connection with your accessing and using our fan pages/accounts.

Data that we process from you

If you wish to contact us via Messenger or via Direct Message via the respective social network, we generally process your user name, which you use to contact us, and may store other data provided by you insofar as this is necessary to process/answer your request.

The legal basis is Art. 6 para. 1 sentence 1 f) GDPR (processing is necessary for the purposes of the legitimate interests pursued by the controller).

(Static) usage data that we receive from the social networks

We receive automated statistics regarding our accounts via Insights functionalities. The statistics include the total number of page views, likes, information on page activities and post interactions, reach, video views/views and information on the proportion of men/women among our fans/followers.

The statistics only contain aggregated data that cannot be related to individual persons. They are not identifiable to us.

It is not possible for us to draw conclusions about individual users using the statistical information transmitted. We only use this information to respond to the interests of our users and to continuously improve our online presence and ensure its quality.

What data the social networks process from you

In order to view the content of our fan pages or accounts, you do not have to be a member of the respective social network and therefore no user account is required for the respective social network.

Please note, however, that the social networks also collect and store data from website visitors without a user account when the respective social network is accessed (e.g. technical data in order to be able to display the website to you) and use cookies and similar technologies, over which we have no influence whatsoever. Details on this can be found in the privacy policy of the respective social network (see the corresponding links above)

If you wish to interact with the content on our fan pages/accounts, e.g. comment on, share or like our posts/contributions and/or wish to contact us via messenger functions, you must first register with the respective social network and provide personal data.

We have no influence on the data processing by the social networks in the context of your use. To the best of our knowledge, your data is stored and processed in particular in connection with the provision of the services of the respective social network, as well as for the analysis of user behavior (using cookies, pixels/web beacons and similar technologies) on the basis of which advertising based on your interests is displayed both within and outside the respective social network. It cannot be ruled out that your data will also be stored by the social networks outside the EU/EEA and passed on to third parties.

Due to the fact that the actual data processing is carried out by the provider of the social network, our access options to your data are limited. Only the provider of the social network is authorized to have full access to your data. As a result, only the provider can directly take and implement appropriate measures to fulfill your user rights (request for information, request for deletion, objection, etc.). The assertion of corresponding rights is therefore most effectively carried out directly against the respective provider.

Purpose and legal basis

We only collect your data via our profile in order to realize a possible provision for communication and interaction with us. This collection generally includes your name, message content, comment content and the profile information you provide „publicly“.

The processing of your personal data for the above-mentioned purposes is based on our legitimate business and communicative interest in offering an information and communication channel in accordance with Art. 6 para. 1 f) GDPR. If you as a user have given your consent to data processing to the respective provider of the social network, the legal basis for processing extends to Art. 6 para. 1 a), Art. 7 GDPR.

This information is used to provide us, as the operator of the YouTube channel, with statistical information about the use of the YouTube channel.

We are jointly responsible with Google for the personal content of the channel. Data subject rights can be asserted with Google Ireland Limited and with us.
